The two passenger ships MS Füssen and MS Allgäu have been sailing for over 61 years between 1 June (depending on the water level of the lake) and 15 October on the Forggensee lake. The Füssen shipping company, Forggensee-Schifffahrt, runs two regular services, offering a choice of round trips:

- The Short Trip lasts for one hour and takes in the southern part of the lake.
- The Long Trip goes all the way to the dam at the northern lakeshore and takes two hours.

With a length of twelve kilometres and a width of up three kilometres, the Forggensee is the largest artificial lake in Germany and the fifth-biggest lake in Bavaria, and is traversed by the Lech river.

Few know that what is at its highest water level the biggest lake in the Allgäu – the Forggensee – was originally dammed in spring 1954 and took its name from the flooded hamlet of Forggen.

The further away the Forggensee ship takes you from the southern lakeshore, the more splendid are the panoramic views of the mountain landscapes of the Allgäu, Ammergau, Lechtal and Tannheim Alps and in particular the royal castles of Neuschwanstein and Hohenschwangau and the Füssen skyline.

A trip on the beautifully picturesque Forggensee lake is something that neither local residents nor visitors to the Allgäu should miss: and once will probably not be enough!

Get to know the so-called ‘Allgäu King’s Nook’ the relaxed way with a trip over the lake; what is more, groups (minimum 20 persons), benefit from optimum service and many price advantages if booked in advance.

Six coach parking spaces are available free of charge at car park P 7 (Weidachstraße 74, 87629 Füssen).

**MS Füssen**

Our flagship vessel has plenty of space for passengers: The Upper Salon offers 120 places while there are 100 seats in the Lower Salon and a further 150 seats on the sun deck.

The catering service on board offers everything you could wish for: Our service crew will provide you with refreshing drinks, coffee specialties, cakes and gateaux from the pastry baker, ice creams and a selection of meals.

**MS Allgäu**

The smaller sister craft has 80 seats in the Salon with a further 110 seats on the sun deck, 50 of which are covered.

The on-board catering service offers a range of drinks, coffee, ice cream, and small meals.

**Ship Charter**

Both ships can be booked for a round trip to celebrate any kind of festivity. The Upper Salon of the MS Füssen is bookable solely during the regular service period.

Both passenger ships are equipped with AEDs (automated external defibrillators)

Both vessels offer barrier-free access for people with disabilities.
